Information on this website cannot be deemed as investment advice, a recommendation to buy, a selling offer or a marketing operation, including but not limited to a financial solicitation.

Any person, either a natural or an entity, must ensure they are permitted by laws enforceable to them to access this website and its content. The access is strictly limited to accredited investors or qualified investors or professional clients within the meaning of and depending on laws and regulation enforceable to them.

Specifically, no fund managed by Drakai Capital SAS can be marketed either directly or indirectly to US Persons (as defined in "Regulation S" (Part 230 – 17 CFR 230.903) of the Securities and Exchange Commission pursuant to US Securities Act 1933) in the United States of America or any area within the US jurisdiction.

Any person, either natural or an entity, acknowledges that any investment in a fund involves risks. The investment value and ensuing revenues are susceptible to increase as well as decrease and one may not be able to get the initial investment amount back. Past performance is not a reliable or pertinent indication of future performance.

This website content is solely for informative purposes. Information is not exhaustive and can change, be updated and/or completed at any time and without any notice by Drakai Capital SAS.

Drakai Capital's investments strategy is not suitable for all investors and is speculative. There can be no assurance that investment objective will be achieved or that there will be a return on capital.

Drakai Capital SAS is authorized as an alternative investment fund manager by the financial regulator in France (Autorité des Marchés Financiers) and is operating in Ireland on the basis of a cross-border passporting approved by the Central Bank of Ireland. Drakai Capital SAS is also cleared by the Central Bank of Ireland to act as an investment manager with discretionary investment management powers in respect of investment funds authorized in Ireland.
